

Enjoy this series of gorgeous, delicate, and beautiful flowers to brighten up your day and add some beauty to it! Come back to this page and study this small part of God's beautiful creation if you feel down and discouraged. These flowers will remind you of the power of our Creator and remind us of the first and most basic of all truths, namely, that God is the Creator and we are His creatures and that we belong entirely to God and He can do with us whatever He wills. Nothing happens by chance or without the permissive will of God. These flowers did not just evolve into these beautiful colors and designs by hap hazard chance of evolution. No, they were created by Infinite Wisdom – just as you and me. Everything that is of God reflects the attributes of God – Goodness, Truth, and Beauty.
