Rather convincing arguments for the recognition of an Omnipotent Creator.

Regarding the second picture, man has built some great "powered" aircraft, but as far as gliders go, nothing comparable to this! And so far, man has built no gliders with brains, computers excepted, and with no complex optical, nervous, reproductive, circulatory, and respiratory systems.

Since geese and vultures have been spotted flying by commercial and military pilots at altitudes of between 20,000 and 30,000 feet, it is quite possible eagles are also capable of such heights. What do you think the temperature is at the height where the eagle is gliding? How did someone get up above him to take the clear picture? Is this what you would call a "bird's eye view" over beautiful scenery on a bright sunny day?

One more note regarding eagles. All other flying predators frequently look over their shoulders, always on the lookout for other competing and adversarial predators. Not so for the eagles.

Have you considered that God knows how many seeds are in all of the sunflowers combined since the first ones were created before Adam and Eve? God knows how many feathers have been on all eagles, together with all other birds combined since the first ones created before Adam and Eve! God knows the EXACT and TOTAL number of how many miles, feet, and inches all eagles, together with all other birds combined have flown since the first ones that were created before Adam and Eve! God knows the EXACT and TOTAL number of how many snowflakes have fallen every place on earth since the beginning of time! Why do we have doubts that God who knows all things is able and willing to take care of all of our needs?

Behold the birds of the air, for they neither sow, nor do they reap, nor gather into barns: and your heavenly Father feedeth them. Are not you of much more value than they? (St. Matthew 6: 26)

Why are you solicitous? Consider the lilies of the field, how they grow…Be not solicitous therefore…

At http://www.jmjsite.com/Easter_Sunday.html are available wonderful sermons. The *Short Sermon* and its *Unabridged* version available in MP3 format provide Father Francis Hunolt's beautiful thoughts on: *The Childlike Confidence with Which Every One Ought to Abandon Himself to Divine Providence*. The two pictures below certainly seem to suggest reflection on that subject.

Thank you for visiting http://www.JMJsite.com *and please tell others about this website*. I pray that you will live in such a way that the Good God will always constantly Bless you while He keeps you from all sin. May Jesus, Mary, and Saint Joseph obtain for you every grace you need.
